RE: File Update and Field Inspection September 18, 1985

File Summary

The MR-4 Form was submitted on September 4, 1981 and listed gravel as the commodity to be mined. The Whirlwind Valley SW 15' Quadrangle depicts a gravel pit at the given DOE location.

Field Inspection

No surface disturbance or pits were observed at the listed location.

Recommendation

Inasmuch as the MR-4 Form gives gravel as the commodity and no surface disturbance was observed, this file should be deleted from Division records.
